MARIA

Yes — send me the company name and what you want researched, and I'll dig in. If you want, I can cover basics like business overview, funding, leadership, competitors, and recent news.

CLIENT

Can you research Chevrolet for me?

MARIA

Here's a quick research snapshot on Chevrolet:

****What it is****

- Chevrolet, or "Chevy," is a major American automotive brand and a division of ****General Motors (GM)****.
- Founded in ****1911****, it's headquartered in ****Detroit, Michigan****.
- It's positioned by GM as the ****mainstream volume brand**** in the company's lineup.

****What it sells****

Agentic Market Intelligence System

About the Platform

ASB Market Research helps organizations build structured market intelligence capability through AI-powered research workflows, specialized agents, connected data sources, and business-oriented reporting systems. The workstation was designed for companies that need more than conversation-based AI tools.

Specialized Research Agents

AI-powered agents for targeted market research methodologies.

Decision-Ready Deliverables

Executive summaries, strategic briefings, and market reports.

Structured Workflows

Separated research methodologies with connected data sources.

Unified Infrastructure

Secondary, qualitative, and quantitative research in one platform.

Recurring Intelligence

Transform business questions into reusable intelligence operations.

AI-Powered Reporting

Market monitoring, competitor tracking, and automated workflows.

Capabilities

- ✓ Market Monitoring
- ✓ Industry Analysis
- ✓ Strategic Briefings
- ✓ Competitor Tracking
- ✓ Opportunity Research
- ✓ Decision Support
